PERSONAL PROFILE

Recent graduate in web design and development. I possess skills using web technologies such as HTML, CSS, JavaScript and React, and have used these to create my portfolio to showcase my knowledge and expertise. Accomplished in troubleshooting web and software products, writing and testing code. Ambitious to advance as a software developer, I wish to expand my knowledge and experience learning about web development and different technologies.

KEY SKILLS

- Operating Systems: iOS, Android, Windows, Linux
- Training/skills: Google IT Support Professional Certificate (Undertaking – 2024)
- Other skills: MS Office, Communication, teamwork, problem solving, organisation, planning, troubleshooting, Augmented Reality (AR)
- Web Development Technologies: HTML/CSS, JavaScript, React, AWS
- Web Design Tools: Sketch, Figma, Adobe XD, Invision, Photoshop, Illustrator
- Programming Languages: SQL, Python, PHP

WORK EXPERIENCE

Freelance Web Designer

Jan 2021 – Present

- Designing within client guidelines to ensure proposals are brand compliant, conforming to the overall brand identity and strategy, including logos and other general documents
- Working independently to conceptualise a website design; including optimization and output
- Conducting focus groups involving the marketing team and producing designs accurately based on feedback received
- Providing design and production support for website updates and emails
- Developing and working within client's budget to implement scalable designs
- Maintaining and updating website functionalities including creating online assets for banner, email, landing pages

WORKSHOPS & CERTIFICATIONS

Making The Leap (Certificate in employability)

Feb 2023 – Mar 2023

- Presentation skills – improved my self-confidence by regularly completing challenging tasks that pushed me outside my comfort zone such as researching new articles to present daily to my peers.
- Teamwork – taking part in a group project to create a business idea (Creative Artistic Production), producing and presenting this to a panel of business advisors.
- Public speaking – working on my public speaking skills by delivering presentations on a regular basis on topics of interest.
- Time management – learning to utilise my time in the best way possible and understanding of the impact of strict deadlines and how these impact others' workflow

HOBBIES & INTERESTS

Volunteering:

- Mike Susan Foundation, Nigeria - assisting with organising free medical screenings, medication and food for the underprivileged.
- Cooking, industry research, football, games design, reading and travelling | Jack Petchy Award (2010)
